## Adapter Plates (Mounting Plates) FN Plate

The FN Plate (Part # S9003) is made of 316 stainless steel and fastened to the end of a HD Series Type FN interlock to allow alternative mounting scenarios. The thickness of the FN Plate is 1/4". To order this plate with your HD Series Type FN interlock, put the letter "P" in the appropriate column of the interlock part number - reference the HD Series Ordering Guide. The plate (when ordered) will be bolted to your Type FN interlock.

### NOTES:

- .406" (10.32mm) dia. holes for mounting bolts (2 holes).
- When ordering the FN Plate, consider adding 1/4" to the HD Series Type FN locking bolt length to compensate for the thickness of the FN Plate.
